*"I want to give out a shout-out to all the graduating seniors, all the class moms, and all the dedicated people behind the scenes. I'd also like to thank Robin and Amanda for taking us in last year and making us feel like family. I'm so glad that we have made EMC our dance home."*

*"Rowan hasn't stopped talking about what a great time she had at the Intensive. And I had a great time being in the grass with the girls, their glances and little smiles were fun to see up close. Maybe next year I'll get brave and move a little faster! Thank you for providing these girls with a space where it is safe to be creative and try new things. Oh, and have fun! And did I mention the food? Rowan thinks maybe there should be a food camp next year!! She loved all of the new foods she tried and even came home with a recipe for us to try. Thank you for this experience, Robin and Jeffrey! It was wonderful!"*
